## Update from the Director of the Professional Licensing Boards

In the September Board meeting new guidelines were established to regulate continuing education. These guidelines were created along with the members of the C.E. Advisory Committee to better define what can be utilized by a licensee and to eliminate ambiguity in rules. Complete details can be found on the Board website.

The mission of the Tennessee Board of Examiners for Land Surveyors is to serve the citizens of Tennessee by efficiently and effectively providing a fair, flexible and positive regulatory environment for consumer service industries. Our goal is to assure that every licensee has met the minimum qualifications prior to being granted a license.
